

Hello! My name is Al Harris, and after 23 years in practice, it's time for me to retire and move on to new projects! As a result, **I'm reaching out to NDs and acupuncturists to share an opportunity**: Circle of Health Clinic—my beautiful naturopathic medicine and acupuncture practice in Bend, Oregon—is on the market... and **it needs a new owner**.

I created a **detailed listing** about this opportunity here:

sellingapractice.com/COHC

This is a **wonderful opportunity** whether you're a beginner practitioner, a seasoned practitioner, or if you want to start up a second location.

If you were to take on this practice, here are just a few things I think you'd appreciate:

- **Lucrative**: six-figure yearly revenue with a part-time schedule
- **Living and working in beautiful Bend**: enjoy the idyllic small-town lifestyle, access to gorgeous nature and plenty of culture in the historic downtown.
- **Very loyal clientele** awaits the practitioner I'd vet to take on the practice
- Great asking price: this 20+ year practice is **priced to sell**
- **My availability**: I am happy to help with the transition and would also stay on as a local landlord.
- **Fine-tuned protocols** and procedures **already in place** for you to take on or adapt to your preferences.
- **Wonderful space** that patients absolutely love
- **Perfect location in central historic Bend**: **easily accessible** to patients and plenty of historic charm.

For **photos, asking price and financial performance**, and more, visit:

sellingapractice.com/COHC

Please **call or email** with questions, or to **schedule a virtual or in-person visit of the clinic**. There's nothing like a no-pressure initial chat to get a better sense of the value of this opportunity!

All the best,

Allan Harris, ND, L.Ac.
